GRATITUDE 
2018 ANNUAL REPORT

“I found among its other benefits,
giving liberates the soul of the giver.”

-Maya Angelou

DEAR FRIENDS,

Thank you for a phenomenal 2018! It was simply our pleasure to assist in giving back to TCC employees' passions through our Community Grants. We often found ourselves with chills and tears as we read our employee sponsors' "why." We at Gives were thrilled to cross the threshold of \$1,000,000 in these gifts to our local communities toppling \$1,059,675 in just over two years! Amazing!

TCC Gives has loved the challenge of taking an employee's idea and creating *More Than a Phone* to be a simple, yet vital program to those recovering from domestic violence. We look forward to providing this valuable resource to more survivors in 2019. We have helped 550 survivors since we began in 2017 with our local pilots, and at the end of 2019 we hope to have that number cross 1000. Thanks to all that contributed by donating their old devices. All TCC locations accept your old phones to help us help more survivors.

Thank you for your continued support. Remember: by choosing a TCC location for your wireless needs, you are helping us make huge impacts in our local communities!

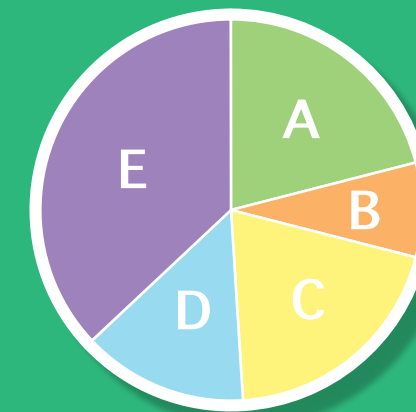

Here's to an even better 2019!

Warmly,

Julie & Courtney

Thanks a
million

Funds granted per
region in 2018:

A Great Lakes:
\$160,755 (21%)

B Northeast:
\$61,500 (8%)

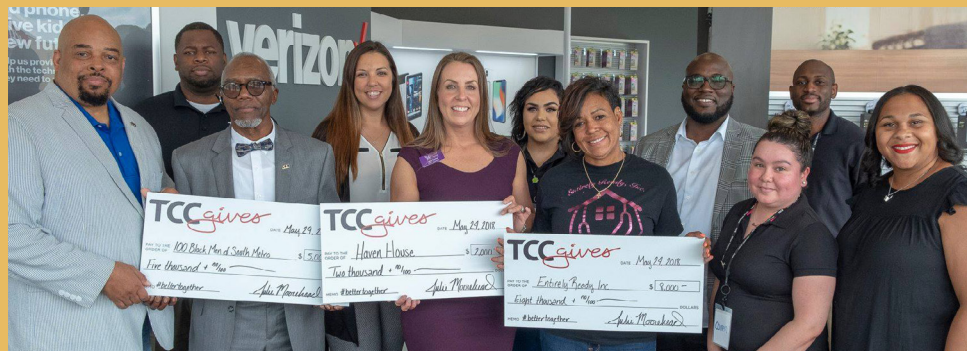

C Southeast:
\$149,100 (20%)

D West:
\$105,350 (14%)

E Store Support:
\$274,340 (37%)

 Warm Paws and Cool Claws Project

MORE THAN A PHONE

More Than a Phone started because one employee had a big idea: to help those in a shelter situation obtain some independence by gifting them a smartphone and service.

We loved that idea and quickly began figuring out how we could make it a reality. We chose to narrow the focus to survivors of domestic violence to give us a place to start but want to expand the program to help even more people in the future.

In 2017, we began to pilot with local domestic violence shelters in Central Indiana. We listened to their needs and really hoped to create something easy for them. We leave the choices up to the professionals in these organizations to choose who and how the devices are given.

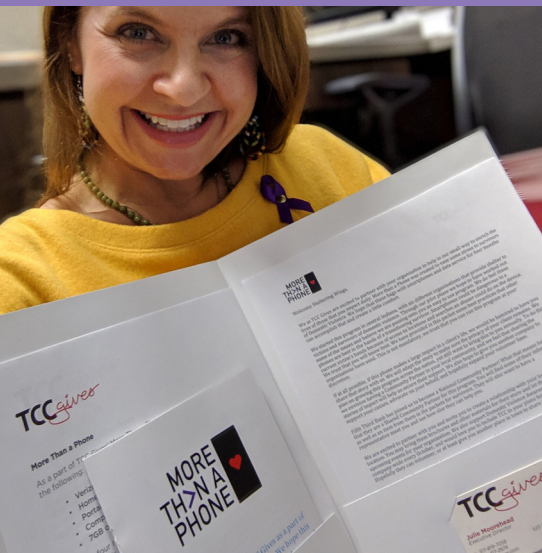

We began crafting a box that contains everything the shelters need to begin the program so we could reach beyond Central Indiana.

Our *More Than a Phone* box contains folders for the social workers or case managers at the local organization with a welcome letter, their contacts from TCC and TCC Gives, some best practices from our pilot partners, a quick guide on how to activate a device and some tips on usability from our TCC experts.

“Through my phone, I am staying well-connected. [As a survivor] I did not have that option in life. I did not have a phone, I couldn’t use a phone. [Now I’m connected to] everybody that is around me. My therapists, my advocates, my doctors and even if I needed a lawyer! I could stay in touch with everyone that is around me that’s taken me through my journey. That’s a blessing.”

*- Survivor
(name withheld)*

HOW IT WORKS

Included in the box are 25 bags with a refurbished but newer smartphone, a sim card for four months of data service, an easy to follow quick-start guide and a charger for the survivors. The box also contains phone cases for the particular devices, some portable chargers for those that will benefit from one and a few tablets for the shelter to use however it needs them.

“In 2018, More Than a Phone benefitted 42 survivors, working with Coburn Place. More Than a Phone gives survivors access to gain employment, call their job if they are going to be late, access resources and support when something unravels in their life, or just keep life rolling forward - all the things that any of us use our phones for! This TCC Gives program plays such an important role by giving access to the people that we work with at Coburn Place.”

- Julia Kathary, M.A.
(President of Coburn Place)

The program begins for the survivor when the devices are activated to ensure they get four full months of service. The case managers call our call center to activate and the process is fast and easy. We are still perfecting the program, but late last year we began working with organizations across the US bringing More Than A Phone to Missouri and Idaho! We look forward to joining up to 20 more communities this year to take us to our goal of helping over 1000 survivors by the end of 2019!

OCTOBER IS DOMESTIC VIOLENCE AWARENESS MONTH (DVAM)

TCC Gives encourages TCC and our other supporters to speak out and advocate for victims and survivors of domestic violence. We do this by wearing our purple ribbons all month, painting one nail purple to encourage conversation and also allowing TCC employees to buy a \$5 shirt they can wear in store on the weekends the whole month of October. We also provide weekly communications with valuable information about domestic violence through internal communication with employees and our social channels. We believe silence is violence and are proud to participate in DVAM.

Thank You

COMMUNITY PARTNERS

Community Partners is a new program we’ve established to help sustain our *More Than a Phone* program so service can be provided to more survivors of domestic abuse. Our vision is that every nonprofit domestic violence support agency we work with can count on us for a sustainable program year after year.

While monetary support is integral for bringing *More Than a Phone* to as many domestic abuse survivors as possible, we are looking for a true partnership that goes beyond a check. Our mission is to create a relationship between us, our Community Partners and the local nonprofit we are supporting. We envision building a team that helps make the community aware of the programs and services that the nonprofit offers, and also provides assistance when the nonprofit needs volunteers or expertise.

As a team, we can be a force for good in our communities. Will you join us?

Thank you to our 2018 Community Partners!

We are very happy to thank Fifth Third Bank for becoming our first Community Partner, and a National Partner at that! With their \$30,000 donation we are able to let 10 communities in Indiana know that we will absolutely be back in 2019-2020 to provide them with more devices to help more survivors!

CASE·MATE

We would also love to thank Case-Mate for their trust in us and becoming a Shared Community Partner for the Atlanta area! We look forward to bringing *More Than a Phone* to this community early in 2019 and letting them know we will also be back in 2020!

WANT TO JOIN US?

Here’s how:

National Partner

\$30,000 allows us to sustain *More Than a Phone* in 10 cities. National Partners will partner with TCC and another local business in each community.

Community Partner

\$6,000 will allow us to come back to our existing community and provide them with another shipment of their phone packages.

Shared Community Partner

\$3,000 per year will allow two businesses in a community to help sustain *More Than a Phone*.

TEE OFF WITH TCC GIVES

Our first (ever) fundraising event was held as school was starting last fall. Tee Off with TCC Gives took place at Top Golf in Fishers, IN on August 12, 2018. Friends and family of all ages joined TCC employees for an afternoon of Top Golf games, food and testimony about the TCC Gives Community Grant program.

TCC's PA/OH region decided to host their own Top Golf event in January 2019 to support TCC Gives, too! Their event will specifically raise money for their passion project, Make-A-Wish. Way to step-up and support these special kids, TCC!

Locally, we are excited to host Tee Off with TCC Gives again!

When: February 24, 2019

Time: 2-5pm

Where: Top Golf Fishers, IN

Get your tickets now at: www.tcc.ticket.qtego.net

MORE THAN A TAILGATE

Exceeding expectations in our first year, TCC Gives' More Than A Tailgate was held on October 21, 2018. Attendees converged in the trendy CharBlue restaurant for a tailgate before the Colts game that was more than just for fun, it spread the word and raised money for our program, More Than a Phone. With the support of our amazing sponsors our guests were treated to gourmet tailgate food, music by DJ Gabby Love and the opportunity to bid on our silent auction items. The morning was highlighted by a visit from former Colts linebacker, Gary Brackett. The enthusiasm for this event has only just begun! We cannot wait to watch this event become the premiere tailgating experience in years to come — all to support survivors of domestic violence.

We raised \$15,000 together in 2018. Let's double that in 2019!
